### Adds & Scratches

You can add a class at any time (at regular entry fee), but scratches must be completed in the office at least two classes before the class you are scratching (performance ring) or before the division in which the class is included (hunter ring). **If you do not scratch the class in time, you will be charged for the class.**

### Back Numbers

Use the correct back number. If you are using a back number from a previous show, you must include it on your entry form. **If you go into the ring with the wrong back number, your points will not count and you may be charged an additional fee.**
